PREFACE

The 1985 Texas County Statistics bulletin presents agricultural statistics for each county on a single page. These statistics are made possible by the Texas Legislature which provided the Texas Department of Agriculture with the funds for the operation of an annual county statistical program. The project is in cooperation with the National Agricultural Statistics Service of the U. S. Department of Agriculture.

The individual statistical bulletins provided by this program are listed on the inside of the back cover. Individual county sheets from this bulletin are also available upon request.

We are indebted to the thousands of Texas farmers and ranchers who provide information on their operations. These bulletins are made possible through their support and cooperation.
